OXYGONE

CARPET PRE SPRAY & SPOTTER
Removes most oil and water based stains

"Solution to your Stain"

OxyGone is a Hydrogen Peroxide based formula designed for spot cleaning rugs & carpets. Also effective on drapes and fabric furniture.

This active formula is very effective on removing most oil and water based stains. Guaranteed not to damage any fibre or colourfast dye.

DIRECTION OF USE

For best results, spills should be treated immediately. Citrus juice that contain citric acid, cordial that contain coloring may stain fibers if untreated for too long.

1. Blot up spill with clean absorbent cloth or towel
2. Spray Carpet Spot Cleaner over stain and allow a few minutes to penetrate.
3. For long pile carpets, separate piles for penetration.
4. Use a damp absorbent towel or sponge & work gently around stain towards centre of stain.
5. Rinse cloth regularly in a bucket of clean warm water.
6. Be careful not to saturate, permanent damage may result.
7. Repeat procedure if required.

Ready to use - Do not dilute

CAUTION : Read Safety directions before opening
Keep out of reach of children. Visit website for SDS & info.
